PROFESSIONAL SUMMARY

Since 2012 I have been employed in Cultural Resource Management gaining experience in a variety of field settings, laboratory methods, and office requirements throughout Western Washington. I have met the Secretary of the Interior's standards for a Professional Archaeologist since 2016. My experience includes extensive fieldwork, preparing collections for curation, and using statistical techniques for faunal analyses and sediment grain-size distribution. In 2014 I passed the Fundamentals of Geology, earning the title Geologist-in-Training. Additionally, I completed a Bachelor of Arts degree in 2013, double majoring in geology and anthropology, and a Master of Arts degree in 2015 in Anthropology.

EDUCATION

Master of Arts in Anthropology

2015

Western Washington University

Thesis: *Recrystallization of Biogenic Aragonite Shells from Archaeological Contexts and Implications for Paleoenvironmental Reconstruction*

Thesis Chair: Dr. Sarah Campbell

Bachelor of Arts in Geology and Anthropology with an Archaeology Concentration
